Marie Skłodowska-Curie 2022
European Postdoctoral Fellowships

School of Archaeology guidance for submitting Expressions of Interest

The School of Archaeology welcomes interest from potential applicants for the next round of this scheme. The funder's deadline for applications is **Wednesday 14 September 2022, 4pm UK time**. For full information about the Scheme, please see the EC website at:
https://marie-sklodowska-curie-actions.ec.europa.eu/calls/msca-postdoctoral-fellowships-2022.

The first step is to seek a supervisor who is an academic member of the School of Archaeology and would be happy to support your application. If you have any queries about contacting a potential supervisor, please write to research@arch.ox.ac.uk in the first instance.

Candidates should then submit an *Expression of Interest* to the School by email attachment (to research@arch.ox.ac.uk) no later than **Wednesday 20 July 2022**. This should consist of a single pdf document containing the following information:
a) CV
b) Summary of the intended project (up to two A4 pages)
c) Details of any facilities that would be required from the host institution (e.g. IT resources, lab facilities for scientific analyses) during the Fellowship
d) A brief statement of support from the academic within the School who will support your application and act as supervisor if your application is successful, indicating their support of the proposal and applicant and the relevance of the research to the broader interests of the School.

All applications will be assessed on academic merit, the feasibility of the proposed research project and the extent to which the work fits with existing interests of the research cluster and the School. The School will consider its research priorities and resource implications when reaching a decision.

Please note that in cases where the School agrees to support an application, a full draft of the application will need to be submitted to the School for review by **Wednesday 17 August 2022**.

If you have any queries about the application process, please contact us at research@arch.ox.ac.uk
