School of Archaeology

Expressions of Interest for the Newton International Fellowship scheme 2021

The School of Archaeology is happy to support applications for the current round of this scheme. The British Academy's deadline for applications is **Wednesday 16 June 2021**. For information about the scheme, including eligibility requirements, please visit https://www.thebritishacademy.ac.uk/newton-international-fellowships. Before submitting an Expression of Interest, it may also be useful to check (contacting research@arch.ox.ac.uk) that the School is the most appropriate department through which to apply, especially if your field of research also intersects with other disciplines (e.g. Classics, Anthropology, etc.).

Those interested in applying should email an *Expression of Interest* to the Head of School (Prof. Amy Bogaard) and the Research Facilitator (Prof. Greger Larson) no later than **Monday 31 May 2021.** This should consist of a *single pdf document* (saved in the format: NIF-2021_(surname_firstname).pdf), containing the following information:

1. *Research proposal, comprising:*
   a. *The working title*
   b. *A one-page summary of your proposed research*
   c. *A statement outlining the relevance of your proposal to other work being carried out in the School*
   d. *Details of any facilities (e.g. for scientific analyses) that would be required from the host institution during the Fellowship*
2. *A CV*
3. *A brief letter of support from the academic within the School who will support your application, and the project if your application is successful*

All applications will be assessed on academic merit, the feasibility of the proposed research project and the extent to which the work fits with existing interests of the research cluster and the School. The School will also consider its research priorities and resource implications when reaching a decision.
